

SUMMER EXPERIENCES 2019

Make It Your Best Summer Yet

Do you want to use your summer to make an impact? Are you interested in a career as a music therapist, educator, or within the helping professions? As a summer volunteer, you can channel your passion for music and the arts, enrich the lives of students with special learning needs and grow in your leadership and relational skills.

You'll join a community of passionate and like-minded high school and college students who make a difference in our community. **We offer three summer experiences.** In each, you'll participate right alongside our campers. Volunteers play a critical role in helping campers assimilate, engage, socialize and learn.

In the Art of Being Social, campers ages 5-8 spend their day engaging in custom designed dance, theater and music-based enrichment.

Vibe Tribe takes place in our warehouse stocked with instruments and music technology. Pre-teens gather, socialize and participate in guided experiences with music, dance and theater.

Arts Enterprise, for ages 13-18, is an authentic and exclusive arts experience. Participants deep dive into their selected discipline and move to various locations around downtown - using the cityscape to enhance imagination and creativity.

We invite you to download the information sheet for each Summer Experience to learn more. Go to: melodicconnections.org/summerexperiences/

Volunteers work with leading arts partners:

VISIONARIES + VOICES

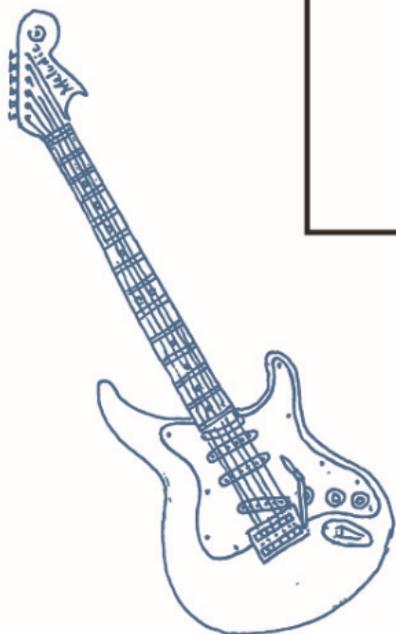

Registration

Applications due by Friday, May 3
